

Churches represented here are Springhill, South Haven, and First Baptist, Clever. These folks are very dedicated to the Lord, each other, and the work at Cedarbrook. Praise God for those willing to leave their comfort zones to be “on mission” in uncomfortable places.

Summer Camp. Lifebuilders was privileged to send 8 children and youth to Baptist Hill Summer Camp in July and August. Our goal of 12 did not materialize, but God is in control. Eight kids from troubled environments is significant. Camp officials reported that at least two made professions of faith. I believe that one week at camp can plant the seeds that can change a child's life forever. We apologize for not having a picture. The kids were just too scattered for us to get them together.

M.B.C. Church Planter Recommendation. Sue and I were recently humbled and honored to be recommended by the Missouri Baptist Convention Church Planting Center to the category of Founding Church Planter Pastor. This came about as a result of an assessment process consisting of a 432 question Ministry Match report (taken individually) and an extensive interview by Ken McCune, local MBC Church Planter Strategist. Our goal is for God to use us in this capacity as fully as possible as we attempt to yield to Him.

Well as usual there is so much more to be written about, but more next month. Our hearts are overflowing with gratitude for the now almost \$2000.00 that has come in from our appeal in September to raise \$3000.00 to cover extra, and increasing ministry expenses. We know God will honor you as you help us to continue to “shine the light where it seems the darkest.” May we minister to you? Let us know.

For His Kingdom,

Winston, Sue & Lifebuilders team
